Mr. Todd Egan
President
Alliance Power Group, LLC
100 Sagamore Street
Quincy, MA 02171

Dear Mr. Egan:

As BGE and the central Maryland community worked together over a nine-day period to recover from the impact and devastation of the derecho storm, we were made stronger by the dedication and support from so many members of your team who quickly and safely worked alongside us to repair a bus or loop that fed customer's individual residences.

You answered our call for help with a generous outpouring of personnel, equipment and spirit. Working with BGE and utility professionals from 18 states and Canada, you helped us restore power to more than 748,000 homes and businesses. These storms were some of the worst in BGE's nearly 200-year history. And yet it brought out the best in everyone, including those from your company who left the comfort of home and family to assist in Maryland's restoration efforts.

Simply put, we couldn't have done it without you. For your rapid response and selfless service, we extend a sincere *Thank You*. The power of teamwork brought the power back to Maryland.

Sincerely,
